Miss Mary M. O'Reilly,
Bureau of the Mint,
Washington, D. C.

Dear Madam:-

Dr. Comparette, the Curator of the Mint Cabinet in Philadelphia, has requested me to inform you as to the price of Vernon's plaque "Communiants," and where it can be obtained.

The price, which Mr. Vernon put on this plaque at the time of the International Medallic Exhibition in 1910, was two hundred and fifty francs. It was a galvano silvered, and shortly after the exhibition I purchased two specimens from him at that price. I presume, therefore, it would still hold good. He could probably furnish it in bronze if desired. Of course, I do not know if the price would be the same or not.

I would suggest that the best way to obtain definite information would be to write direct to Monsieur Frederic Vernon, 35 Rue de la Universite, Paris, France. I have no doubt but what he will be glad to furnish additional copies of this plaque.

Very respectfully,

Director.
